

# MediaWiki Editing Help

## Holocaust Wiki Project

### Editing a Page

### Task

During this part of the project, you will be developing the family th

To edit a page you have created or have permission to change, click on the **edit** button located in the top left-hand section of the text window.

### Creating and Linking Pages

Creating new pages in MediaWiki is very easy. There are two ways that this can be done.

1. If you see a red link, all you have to do is click on the link and a new page will appear.
2. When making your branching simulation, you will create and link your pages by using the following code:

```
[[group3-1B* |Choice B**]]
```

\* This is the name of the link. You will use this format for each decision point link. You will not see this name. You will pre-label your Progression of Events chart with these codes. (KEY: 3=period, 1=group, B=decision point)

\*\* This is the text that will be linked.

### Changing the Text

Title	===Title=== (three equal signs)
Bold	'''Bold''' (three apostrophes on either side)
Italics	''Italics'' (two apostrophes on either side – not a quote!)
Center	<Center>Centered Text</center>
List	*list (unnumbered list - asterisk in front of each item) #list (numbered list – number sign in front of each item)
Line	---- (four dashes)
New Line	Two returns

## Uploading Images

### toolbox

- [What links here](#)
- [Related changes](#)
- [Upload file](#)
- [Special pages](#)
- [Printable version](#)
- [Permanent link](#)

1. Find the toolbox on the left side of screen (towards bottom), click on **Upload File**.
2. Click on **Browse** next to the **Source Filename**. Navigate you hard drive to your image.
3. Add your period-group to the image name. Example: ghettopicture3-1.jpg
4. Write down the file name.
5. Hit **Upload File**.

## Inserting Images

1. You must first upload the image (see above).
2. Type the code `[[image:ghettopicture3-1.jpg]]`
3. To center `[[image:ghettopicture3-1.jpg|center]]`
4. To right justify `[[image: ghettopicture3-1.jpg|right]]`
5. To left justify `[[image:ghettopictures3-1.jpg|left]]`
6. To add a caption `[[image:ghettopicture3-1.jpg|frame|this is the caption]]`
